

**ARP-ESSER Application: Part 2 - ARP Act****Introduction/Instructions - Summary & Background**

---

**Summary & Background**

CHERRY VALLEY-SPRINGFIELD CSD

472202040000

**SUMMARY & BACKGROUND**

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

**ARP-ESSER Application – Part 1:** The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

**ARP-ESSER Application – Part 2:** The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

**Project Period**

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

**Project Number**

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

**Submission Deadline**

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

**ARP-ESSER Application: Part 2 - ARP Act**

Introduction/Instructions - Summary & Background

---

**APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS**

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

**ARP-ESSER Application: Part 2 - ARP Act**

Introduction/Instructions - Submission Instructions

---

**Submission Instructions**

CHERRY VALLEY-SPRINGFIELD CSD

472202040000

**Directions for Submitting the Application:**

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

*Office of ESSA-Funded Programs - Rm 320 EB*

*RE: ARP-ESSER Application – Part 2*

*New York State Education Department*

*89 Washington Avenue*

*Albany, NY 12234.*

**Deadline for Submitting the Applications:**

The ARP-ESSER Application – Part 2 is due by August 31, 2021.

**ARP-ESSER LEA Base 90% Allocation - Plan Development and Dissemination**

CHERRY VALLEY-SPRINGFIELD CSD

472202040000

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

**NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.**

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

- 1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

We first educated our Board of Education, faculty & staff, and community members of what ARP is, the purpose and how it can be used. The BOE was asked how they would like the money spent. Prior to a meeting an email was sent to faculty & staff asking for their wish list. There were 3 meetings with faculty and staff asking for their input. Literacy data was reviewed to see where our downfalls were in the elementary. This was shared. All lists were shared and we then started to prioritize. A letter was sent to families and posted on the school website asking for their input. A survey was posted on the website and the community was also given the superintendent's email and phone number to contact. The Superintendent's cabinet took the lists and narrowed them down. About 90% of the items on the list were added to the ARP. As we move through the life of the grant the BOE will review quarterly status of the ARP. The District will continue with a survey each year to the community to receive input on previous spending and additional areas which could also be supported.

- 2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

www.cvscs.org

After programmatic approval the approved application and budget will be posted on the school website.

**ARP-ESSER LEA Base 90% Allocation - Program Information**

**ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

---

- 3. In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

Our school district was open all last year, in-person. We are a PK-12 building and we were in-person everyday. Our building used to house 960 students and now we house 460 students. We have the space to spread out students. Monies will not be used directly for prevention and mitigation purposes. We will be installing a gym divider in the HS gym so that classes may be separate so there is social distancing. HS lunch was in one half of the HS gym last year. We are looking at possibly having to do this again for the 2021-22 school year. The divider will assist in noise reduction and also allow PE class distancing when inside.

- 4. In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

Elementary literacy - Benchmark data for reading will be used to evaluate new programs that were implemented to support phonics and phonemic awareness. Fountas and Pinnell benchmark data is reviewed each trimester to target students at risk and also a report is run to see what common areas students are not doing well on, or areas where students are mastering content. Reviewing the 2019 and 2020 data clearly demonstrated that our students cannot rhyme. Purchasing Secret Stories is one example that will target an area our students do not do well on. In order to use the program the way it is intended to be used, our teachers needed PD on how to use this resource.

Professional development for teachers - Secondary focus on grading and assessment. Review quarterly report card data and compare it to previous years' data. More importantly, review new data that shows implementation of standard based assessment. Are students meeting the standards and are they meeting or exceeding mastery on formative tests. Analysis of course syllabi and grading practices by the admin team and a core group of secondary teachers revealed that there are inconsistent grading and assessment practices. Breakdown of class grading was reviewed and focused on the question, "what do these grades tell us about what the student actually knows?" It was clear our teachers need PD on assessing and grading students.

- 5. In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

Summer program for PK-6 students, and summer program for 7th & 8th graders. Within these programs also include field trips that enhance learning and additional hands-on learning activities.

Secondary students during the school year will participate in after school support with individualized tutoring to support students at risk or falling behind academically.

**ARP-ESSER Application: Part 2 - ARP Act****LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information**

---

6. **In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

Mental Health

Support mental health by hiring a school psychologist for tier 2 & 3 counseling.

Hire two LTAs to run an elementary and secondary Ready to Learn room where students go when having issues. Goal is to support their SEL needs and then get them back into the classroom.

Academics

Professional development for teachers; secondary in grading and assessment, SEL, and Positivity Project and elementary in literacy, writing, math, and SEL.

Elementary literacy and math curriculum coordinator. Secondary curriculum coordinators for 4 core subjects plus essentials.

Part time math interventionist in the elementary.

Elementary LTA to support RtI in reading

Outdoor Learning Center - In the back corner of under used parking lot construct a 40'x60' pavilion that will host hands-on learning programs that will be permanently stenciled on the blacktop.

PE Brainball equipment

Field trips - expose our students to hands-on learning and areas that will reinforce standards.

Technology

Document cameras in 10 classrooms to enhance instructional delivery

Purchase Kajeets for student who have minimal or no Internet service at home

Distance learning room - purchase equipment to add DL to our options for students. Our BOECS has extensive DL offerings. Give our students the opportunity to take a more diverse listing of class offerings.

Purchase band instruments so those students who cannot afford to purchase an instrument have the opportunity to play an instrument.

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

We are a low-income area, so the summer program supports that population of students. Our students deserve a summer program to support SEL and academics. Pair these programs up with our town swim programs to offer full day programs. Students need to be given the opportunities. Many of our at risk students have no place to go in the summer. Offering a summer program that includes academic support and enrichment allows for students to be actively engaged in academics but not in the traditional modality. A summer program has the flexibility to add more hands-on activities and focus on areas where the students need support. Those students who are at risk will be directly invited to attend the program. Data used to determine this will be those students not reading at grade level, students who have attendance issues of absent more than 10%, and/or qualify for free and reduced lunch. Transportation will be provided, breakfast and lunch will be provided and it will be full day so that parents do not have to worry about child care and how they will get their child to the program.

Educators need to be given the tools and resources to better instruct their students. When given these tools we can then better evaluate our programs and see where the gaps are and make adjustments. Each strategy is a level. As we add a level we narrow the gap and we have a clearer picture where a support needs to be implemented.

Focusing on mental health in terms of PD and adding resources allows the district to not put band aids on situations, rather start focusing on the root causes.

**ARP-ESSER Application: Part 2 - ARP Act****LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction**

---

**ARP-ESSER Return to In-Person Instruction**

CHERRY VALLEY-SPRINGFIELD CSD

472202040000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

**NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).**

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

www.cvscs.org

Our plan was posted on the website. A letter went out to all parents with an abbreviated version of the plan described in the letter. There were discussions at summer BOE meetings. If a person requests information on the plan we can send them the plan and also talk them through it in case they have any questions. We are a small rural district so we are able to have those conversations.

**ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

---

2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) its plan for in-person instruction, including a description of how public comment will be collected.

We will use our school website to communicate our mandated<sup>3</sup>/<sub>4</sub> reviews. We will use our<sup>3</sup>/<sub>4</sub> Board of Education meetings for public ocmment regarding the plan for in-person instruction. We will also implement an online survey.
