HAND AND RESPIRATORY HYGIENE PROTOCOL

Hand Hygiene

- Teachers in grades PK-6 will schedule time for hand hygiene throughout the day.
- Students in grades 7-12 will be reminded to perform hygiene after all meals and use of bathrooms.

- If no tissue is available, the inside of the elbow (or shirtsleeve) will be used to cover the mouth or nose instead of using the hands.
- Students and staff will perform hand hygiene after sneezing, coughing and handling dirty tissues or other soiled material.

HAND AND RESPIRATORY HYGIENE PROTOCOL

Respiratory Hygiene

- All students will have the opportunity to have a grab & go breakfast that will be located at the four entrances where they enter the building.
- **Grades PK-K:** These students will go directly to their classroom prior to getting their breakfast. They will then go to the grab & go carts after Grades 1-4 have received their breakfast.

IN-PERSON LEARNING

- **PARENT PICK UP: 2:50 PM – 3:10 PM**

Use parent pick up loop.

Grades PK-4: Sign out from the elementary gym; use ramp

HYBRID LEARNING

- We are tentatively looking at a AA-BB-AA-BB schedule where families would be attending on the same day. Half a class would attend on AA day and the other half on BB.
- At the present time our building is running at less than 50% capacity due to the decrease in enrollment over the past 15 years. This allows us to hopefully not have to run a hybrid.

REMOTE LEARNING

- PK-6 will run off a modified schedule
- Grades 7-12 would run off the normal bell schedule
- Note - expectation is not for students to be in *Google Meets* for the entire period.
- Teachers/LTAs/aides will report to work and instruct from their classrooms.
- Each student will have an Internet Accessibility plan so teachers can meet their individual needs if there is a lack of high speed Internet.

CHILD NUTRITION

- **IN-PERSON**

Students will be provided both breakfast and lunch.

- **REMOTE LEARNING**

Food distribution will occur twice a week via school bus routes. Parents will have the option to opt out.

CHILD NUTRITION

- **Grades PK-6:**
Classroom teachers or aides will implement hand hygiene activities before and after meals. Students will be reminded before and during lunch that sharing of food and beverages is prohibited.
- **Grades 7-12:**
Signage will be posted at the point of sale for students to wash their hands before and after meals. Signage will be posted discouraging the sharing of food and beverages.
- The District will continue with CEP (Community Eligibility Provision) which allows free breakfast and lunch for ALL students.

TRANSPORTATION

- ALL students must wear a face mask while riding the bus unless a pre-approved medical note is on file.
- ****UPDATE**** The school will provide hand sanitizer on the buses and students **MUST** use when entering and exiting the bus. Students may bring hand sanitizer on the bus as long as it does not exceed 8 oz. in volume.
- We can no longer accept bus notes. Each parent needs to designate a single pick up/drop off location for the year. Because of regulations, we are required to minimize the mixing of student populations. Therefore, any changes in where you need your child to go each day after school will need to be organized on your end from that drop-off point.

SOCIAL EMOTIONAL WELL-BEING

The District uses an Advisory Council, Shared Decision Making Team, Elementary Support Team, and Student of Concern Team to support Social Emotional Well-Being in addition to Guidance Program.

Students will be given a social emotional survey to monitor how they are feeling upon returning to school. Parents will have the option to opt out of such surveys. Our overall goal is to be able to recognize if /when any student may require additional emotional support during the pandemic.

TECHNOLOGY & CONNECTIVITY

This district will provide devices to all K-12 students.

The district will work directly with families who do not have access to high-speed internet should we go to a hybrid or remote model.

- Delivery of materials to those students who don't have appropriate Internet service will take place via AM bus runs.
- Each teacher will have a complete list of their students' Internet Access capabilities. Therefore, each student will have a remote access plan.
- The district will open the gym to allow access to the school's Wifi depending on the extent allowed by law or regulation.

TEACHING & LEARNING

Students in grades 9-12, plus advanced 8th graders will follow a semester block schedule. This will eliminate the amount of transitions in the hallways, and gives students the ability to focus on less courses, especially if we move to a remote model.

TEACHING & LEARNING

Students who attend a CTE program at BOCES will continue their programs at BOCES. We are waiting to hear from BOCES on exactly that will look like.

TEACHING & LEARNING

The district's technology team will be available for students and families to provide support which cannot be answered by the student's teacher, and a number will be created specifically for this support. All teachers can be reached by email.

SPECIAL EDUCATION

The Cherry Valley-Springfield school district recognizes that special education programs and services provide supports and access for students with disabilities to participate, be involved in and progress in the general education curriculum. The district strives to make available to our special education students a free and appropriate public education (FAPE) designed to meet the students unique learning needs. All services will be provided in a manner consistent with the need to protect the health and safety of students with disabilities and those providing special education and related services. The district will follow the health and safety protocols outlined in this document.

SPECIAL EDUCATION

The district's special education students will have access to the necessary accommodations, modifications, supplementary aids and services, and technology to meet the unique needs of the student. The district's special education teachers and related service providers will continue to collect data, whether in-person or remotely, and use this data to monitor each child's progress toward the annual IEP goals and to evaluate the effectiveness of the special education services provided.

SPECIAL EDUCATION

The Cherry Valley-Springfield school district is committed to working with representatives from all applicable school settings where the district's special needs students attend. The district recognizes that communication is critical to remaining informed regarding the nature and delivery of instruction for its students as well as a means to identify shared resources. Ongoing communication may be in the form of email communication, shared documents and meetings via video and/or teleconferencing options.
