**PROJECT SAVE**  
(Safe Schools Against Violence in Education)  
Cherry Valley-Springfield Central School District SAVE Plan

Introduction

Emergencies and violent incidents in school districts are critical issues that must be addressed in an expeditious and effective manner. Districts are required to develop a district-wide school safety plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies. The district-wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed emergency responses plans required at the school building level. Districts stand at risk from a wide variety of acts of violence, natural, and manmade disasters. To address these threats, the State of New York has enacted the Safety Schools Against Violence in Education (SAVE) law. Project SAVE is a comprehensive planning effort that addresses prevention, response and recovery with respect to a variety of emergencies in each school district and its schools.

The Cherry Valley-Springfield Central School District (“District”) supports the SAVE Legislation, and intends to facilitate the planning process. The Superintendent of Schools encourages and advocates on-going district-wide cooperation and support of Project SAVE.

***DISTRICT LEVEL RESPONSE PLAN***

**SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES**

**A. Purpose**

The Cherry Valley-Springfield Central School District -wide School Safety Plan was developed pursuant to Commissioner’s Regulation 155.17. At the direction of the Cherry Valley-Springfield District Board of Education, the Superintendent appointed a District-wide School Safety Team and charged it, with the development and maintenance of the District-wide School Safety Plan.

### **C. Concept of Operations**

The Cherry Valley-Springfield Central School District is a centralized PK-12 district. There is one building in the district, therefore, the District-wide School Safety Plan shall be a general guideline of school safety concerns. (See Appendix 1, page 13)

As this is a PK-12 centralized school district, with only one building, the District-wide School Safety Plan shall be directly linked to the individual Building-level Emergency Response Plan. All specific information for the plan will be found in the building level plan (Section 2 of this document), and the Crisis Plan (Section 3 of this document.)

In the event of an emergency or violent incident, the initial response to all emergencies at the school will be by the School Crisis/Safety Team.

Upon the activation of the School /Crisis Safety Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified. The exact procedures to be followed, including flowcharts for effective communication are included in the Crisis Plan.

Emergency response actions including Crisis Response may be supplemented by County and State resources through existing protocols.

## **D. Plan Review and Public Comment**

Pursuant to Commissioner's Regulation 155.17 (e) (3), this plan will be made available for public comment 30 days prior to its adoption. The district and building-level plans may be adopted by the School Board only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested parties. The plan must be formally adopted by the Board of Education.

The plan shall be reviewed and maintained by the District-wide School Safety Team and reviewed on an annual basis on or before July 1 of each year.

While linked to the District-wide School Safety Plan, Building-level Emergency Response Plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.

Full copies of the District-wide School Safety Plan and any amendments will be submitted to the New York State Education Department within 30 days of adoption. The plan will also be available in the District Offices for public review at any time. Building-level Emergency Response Plans will be supplied to both local and State Police within 30 days of adoption.

## **SECTION II: GENERAL EMERGENCY RESPONSE PLANNING**

### **A. Identification of sites of potential emergency**

The District has established procedures for the identification of potential sites and the internal and/or external hazards that may be present. These procedures are developed in coordination with the local Emergency Management Office, Fire Department and law enforcement agencies. Appendix 2 of this Plan shows the results of this procedure.

### **B. Actions in response to an emergency**

The District has identified the following general response actions to emergency situations. These actions include school cancellation, early dismissal, evacuation, and sheltering. Emergency Response Plans and School Crisis Plans as deemed appropriate by the School Crisis/Safety Team.

Specific personnel and resources are identified in the Building Level Emergency Response Plans and the School Crisis Plan. However, some examples of resources would include: (1) Personnel: EMT's, CPR/AED certification, Registered Nurse; (2) Building Resources: sheltering, food, water, phone, fax, radio communications, transportation. Responsibilities associated with specific personnel and resources are clearly outlined in these plans as well.

#### **D. Procedures to coordinate the use of school district resources during emergencies**

The District uses the Incident Command System model for emergency actions. As this is a PK-12 centralized district with only one building, for all emergencies the Incident Commander will be the Superintendent, and/or her designee. The Incident Commander is authorized to activate such resources and personnel as are appropriate to the incident. The Incident Commander is empowered to render such decisions as may be necessary in keeping with the response actions as identified in the Building Level Emergency Response Plan. All Incident Command staff are identified in the Building Level Emergency Response Plans and the School Crisis Plan.

#### **E. Annual multi-hazard school training for staff and students**

The District will conduct annual training for both staff and students in school safety issues. Training will be coordinated by the School Safety/Crisis Team, and may consist of classroom activities, general assemblies, tabletop exercises, full scale drills of other appropriate actions to increase the awareness and preparedness of staff and students.

Drills and other exercises will be coordinated with local, county and state emergency responders and preparedness officials. Existing Plans will be revised in response to post-incident critiques of these drills.

#### **F. Training procedures and frameworks**

Training procedures for staff in violence prevention and all emergency drills as outlined Section I Appendix 3, pg. 15.

### **SECTION III: COMMUNICATION WITH OTHERS**

The Incident Commander will authorize the procurement of these agencies (Section I, Appendix 3, page 15)

#### **B. System for informing all education agencies to whom our district sends students for educational programs**

The District will notify any appropriate educational agencies within its boundaries as well as adjacent to its boundaries in the case of a disaster that would affect any of these agencies. The Incident Commander will determine the extent of notification and delegate its delivery.

As this is a PK-12 district with all students housed in one facility, it will be the responsibility of the Superintendent, and/or designee, to notify all those involved. The bus garage will be notified by phone or radio. All teachers by intercom, phone or e-mail. Media by direct communication with Superintendent or designee only (phone, fax, or face to face contact.)

#### **C. Communication between students and staff plays a vital role in the deterrence of potentially violent incidents.**

Students are encouraged to report bullying, harassment, or the threat of violence to a teacher, administrator, or other staff member. They may use the District's "Bullying Reporting Form," which is anonymous and can be located on the District's web site. Students are also encouraged to seek out a guidance counselor. The District offers a peer mentoring and leadership course for students that focuses on peer mediation and conflict resolution.

#### **D. Outside agencies to be contacted during emergencies**

All agencies available for support during emergencies are listed in the Building Level Plan. All phone numbers are provided. ### ***CHERRY VALLEY-SPRINGFIELD CENTRAL SCHOOL***

TO: Parents, Students and Staff of CV-S Central School  
FROM: TheriJo Climenhaga, Superintendent  
DATE:  
RE: EMERGENCY MANAGEMENT PLAN

All school districts in the State of New York are required to comply with the Commissioner's Regulation 155.13 which requires written annual instructions to parents, students and staff regarding district emergency management plans. The completed plans are on file in Superintendent's office and are available to parents, students and staff at any time school is open, between 8:30 A.M. and 3:30 P.M.

The object of emergency planning is to anticipate problems in dealing with natural and manmade disasters. Depending on the kind of intensity of the disaster, the school may be required to carry out any of the following procedures: school cancellation, evacuation, sheltering. It is important to take note that emergency procedures may be carried out without advance notice. Children may be coming home to either empty homes, or locked doors. Parents must make contingency plans with their children to go to the homes of a neighbor if the children require supervision. A form has been sent home to all elementary parents requesting this information.

Early dismissal or "go home" drills are held at least once a year. The date and time of the drill will be determined by school administration, but will not be made public.

Early dismissal drills may alter your child's normal arrival time home from school. Parents should therefore discuss the purpose of this drill with their children, especially younger ones, in an effort to alleviate any fears or concerns children may have with leaving school at an unusual time.

Parents who pick their child up from school may do so only after the drill has been completed. All children participating in any after school activity, will be escorted back to the school after the drill.

If you have any questions concerning this plan, or wish to make a contribution to increasing its effectiveness, please contact the Emergency District Coordinator at (607) 264-9332.
